ECC-OL-R4B-2020-0161

((Amending ECC No. :ECC- 4B-1510-0095))

Mr. Antonio C. Morada

Manager

OCCIDENTAL MINDORO CONSOLIDATED POWER PLANT

Sitio Pulang Lupa, Brgy. Central, San Jose, Occidental Mindoro

Subject: **ENVIRONMENTAL COMPLIANCE CERTIFICATE**

Dear Mr. Morada;

This refers to the Environmental Compliance Certificate (ECC) application for the 20 MW Diesel Power Plan Project (Construction and Installation of one (1) additional Diesel Fuel Tank Cell) to be located at Sitio Pulang Lupa, Brgy. Central, San Jose, Mindoro Occidental.

After satisfying the requirements of the said application, this Bureau has decided to grant an ECC for the above-mentioned project.

With the issuance of this ECC, you are expected to implement the measures presented in the Initial Environmental Examination Checklist (IEEC), intended to protect and mitigate the project's adverse impacts on community health, welfare and the environment. Environmental considerations shall be incorporated in all phases and aspects of the project.

This Certificate does not create any right nor be used as an authorization to implement the project, you may proceed with the implementation only after securing all the necessary and relevant permits from other pertinent Government Agencies. This Office shall be monitoring the project periodically to ensure strict compliance with the stipulations cited in the attached ECC.

Please be guided accordingly.

Atty. Michael Drake P. Matias
Regional Director

ENVIRONMENTAL COMPLIANCE CERTIFICATE
(Issued under Presidential Decree 1586)
ECC-OL-R4B-2020-0161
(Amending ECC No. :ECC- 4B-1510-0095)

THIS IS TO CERTIFY THAT THE PROPONENT, **OCCIDENTAL MINDORO CONSOLIDATED POWER PLANT**, is granted this Environmental Compliance Certificate (ECC), for the 20 MW Diesel Power Plan Project with additional One (1) Unit 1,000 KL Diesel Fuel Tank Cell located at Sitio Pulang Lupa, Brgy. Central, San Jose, Mindoro Occidental, by the Department of Environment and Natural Resources (DENR), through the Environmental Management Bureau (EMB).

SUBJECT ONLY to the conditions and restrictions set in this ECC and in the attached document labelled as Annexes A and B.

This Certificate is issued with the following details:

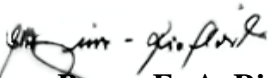

PROJECT DESCRIPTION	
This ECC covers the 20 MW Diesel Power Plan Project with additional One (1) Unit 1,000 KL Diesel Fuel Tank Cell , having a total land area of Five (5) hectares , covered by TCT No. T – 10901 and T – 10902 and Usufructuary Agreement with Occidental Mindoro Electric Cooperative, Inc. (OMECO) located at Sitio Pulang Lupa, Brgy. Central, San Jose, Mindoro Occidental.	
The project will consist of the following components, to wit:	
<div>Existing Components</div> <ul style="list-style-type: none">3 x 8 MW Diesel Generator Sets2 x 500 kl Fuel Storage Tanks (FOST)1 x 30 kl Sludge Tank1 x 100 kl Water Tank1 x 30 kl Water TankPowerhouseThermal Oil BuildingTank FarmSmokestackSwitchyardAdmin BuildingEmployee’s QuartersWorkshop / Warehouse and Water Treatment House	<div>Existing Components</div> <ul style="list-style-type: none">Fuel/ Fire Pump HouseFuel Treatment HouseMaintenance BuildingMaterials Recovery FacilityHazardous Waste Storage FacilityGuard HouseAccess Road
	<div>Additional Components</div> <ul style="list-style-type: none">1 x 1000 kl Fuel Storage Tank (FOST)Oil Water Separator
The project shall operate and maintain its facilities and amenities as contained in the submitted Environmental Impact Statement (EIS), Initial Environmental Examination Checklist (IEEC) Report and Environmental Management Plan (EMP) .	

This Certificate is issued in compliance with the requirements of Presidential Decree No. 1586, and in accordance to DENR Administrative Order (D.A.O.) No. 2003-30. Non-compliance with any of the provisions of this Certificate shall be a sufficient cause for the cancellation of this Certificate and/or imposition of a fine in an amount not to exceed Fifty Thousand Pesos (P50, 000.00) for every violation thereof without prejudice to imposition of fines and penalties under other environmental laws. The EMB, however, is not precluded from reevaluating and correcting any deficiencies or errors that may be found after issuance of this Certificate.

Issued at EMB-R4B, 1515 L and S Building, Roxas Boulevard, Pasay City this August 5, 2020.

Recommending Approval:

I. CONDITIONS

ENVIRONMENTAL MANAGEMENT

All commitments, mitigating measures and monitoring requirements, contained in the Initial Environmental Examination Checklist Report for the 20 MW Diesel Power Plan Project (Construction and Installation of one (1) additional Diesel Fuel Tank Cell) particularly in the Environmental Management Plan/ Environmental Monitoring Plan, including any modifications and/or additional information as approved by the EMB, shall be instituted to minimize any adverse impact of the project to the environment throughout its implementation, which shall include among others to wit:

1. That the proponent shall ensure that the project implementation shall **NOT COMMENCE** unless all required/clearances from the concerned government agencies are secured. EMB shall be advised when all the permits/clearances are secured and when will be the actual date of project implementation;
2. That the proponent shall establish a reforestation and carbon sink program using endemic/indigenous species to mitigate greenhouse gas (GHG) emissions of the project in line with the DENR’s thrust for GHG emissions reduction programs and National Greening Program. The program shall be submitted to EMB-4B (MIMAROPA Region) six (6) months prior to the project implementation;
3. That the proponent shall establish and maintain buffer zones of at least five (5) meters along the entire periphery of the project site with appropriate species/dense vegetation to enhance the condition of the ecosystem and to serve as noise, vibration and dust buffers;
4. That the proponent shall conduct an effective Information, Education and Communication (IEC) Program to inform and educate all stakeholders, especially its contractors, workers, and local residents about the mitigating measures embodied in its EIS and IEEC, the conditions stipulated in this Certificate and the environmental and human safety features of the project for greater awareness, understanding and sustained acceptance of the project. The program shall be submitted to EMB-4B (MIMAROPA Region) on an annual basis;
5. That the proponent shall strictly manage all external, traffic, surface runoff and erosion, dust,-accidental spillage and health hazards identified in the EIS and IEEC and, in case of emergency episodes, appropriate response activities shall be immediately undertaken for the protection of the workers/ personnel, host and nearby communities and the receiving environment;
6. That preservation and easement retention of natural drainage/waterways shall be undertaken and should conform with the provisions of the DENR Administrative Order No. 97-05 (Procedures in the Retention of Areas within certain distances along the Banks of Rivers, Streams, and Shores of Seas, Lakes and Oceans for Environmental Protection). If disturbed, a replacement drainage system shall be constructed within two (2) months from the disturbance;
7. That the solid waste management scheme as provided in the Environmental Management Plan (EMP) shall be continuously implemented from the start of the project construction as well as the operation;
8. That the power plant’s total rated capacity shall not exceed 20 MW at any given time;
9. That the proponent shall Install adequate and properly maintain effective **Water Pollution Control Facility (Oil and water Separator)**, to ensure maximum efficiency at all times in order to conform to the prescribe DENR standards;
10. That proper **Air Pollution Source and Control Installations (APSCI)** shall be provided by the proponent to avert pollutant emissions;
11. That the proponent shall conduct semi-annual (upwind and downwind) ambient air sampling tests for PM₁₀, SO₂, NO₂;

12. That the sulfur content of the fuel to be used should have a maximum of 0.7% or if the sulfur content is more than 0.7%, adequate air pollution control device should be installed to conform to the prescribed emission standards in accordance with Table 2 of DENR Administrative Order No. 2000-81.

GENERAL CONDITIONS

Further administrative conditions for the grant of this Certificate shall be strictly complied:

13. That the proponent shall submit to this Office proof of having a competent Environmental Unit created / appointed with a Pollution Control Officer and shall be duly accredited by this Office in accordance with DAO No. 02, series of 2014 (Revised Guidelines for Pollution Officer Accreditation). The Environmental Unit (EU) shall competently handle the environment-related aspects of the project. In addition to the monitoring requirements as specified in the Environmental Management Plan/ Environmental Monitoring Plan, the EU shall have the following responsibilities:
- 13.1 Monitor actual project impacts vis-à-vis the predicted impacts and management measures in the EIS and IEEC;
 - 13.2 Recommend revisions to the EMP/EMoP, whenever necessary subject to the approval of EMB-4B (MIMAROPA Region);
 - 13.3 Ensure that data gathered during monitoring activities are properly documented, assessed, evaluated and reported to EMB-4B (MIMAROPA Region) in accordance with the standard formats;
 - 13.4 Ensure that monitoring and submissions of reports to EMB-4B (MIMAROPA Region) are carried out as required;
 - 13.5 Regular submission of a semi-annual *ECC Compliance Monitoring Report (on or before January 15 and July 15 of each year the project is operational)* provided with supporting documents and in accordance with the prescribed format stipulated in the Implementing Rules and Regulations of P.D. 1586;
 - 13.6 Submit a quarterly monitoring report using the prescribed format of the *Self-Monitoring Report (SMR)* pursuant to DAO 2003-27;
 - 13.7 Submit an Abandonment Plan two (2) months prior to the abandonment activities. It shall include rehabilitation measures/clean-up, costs, remediation of areas possibly contaminated with toxic/hazardous substances and presentation of options on proposed alternative projects in the area;
14. That the proponent shall allocate ample budget for the implementation of the proposed mitigating/enhancement measures during the operation and abandonment phases of the project;
15. That health and sanitation practices shall be observed in all phases of the project and safety & personal protection equipment/devices shall always be provided to all employees/workers within the premises of the project site to prevent health and occupational hazards;
16. That a billboard containing this message: **“Notice to the Public, THIS 20 MW DIESEL POWER PLAN PROJECT WITH ADDITIONAL ONE (1) UNIT 1,000 KL DIESEL FUEL TANK CELL, has been issued an Environmental Compliance Certificate (ECC-OL-R4B-2020-0161) by the Department of Environment and Natural Resources – Environmental Management Bureau MIMAROPA Region on August 5, 2020.”** shall be installed at all entry and exit points and in the perimeter of the project site facing the road to inform the general public within thirty (30) days from receipt of the ECC;
17. That a copy of the ECC shall be posted in a conspicuous location at the field office of the project site clearly visible to the public and shall be adequately framed or otherwise protected against damage and at the barangay bulletin board of the host barangay(s) within **thirty (30)** days from receipt of the ECC;

Environmental Compliance Certificate
Construction and Installation of one (1) additional Diesel Fuel Tank Cell
Sitio Pulang Lupa, Brgy. Central, San Jose Occidental, Mindoro San Jose, Mindoro Occidental
OCCIDENTAL MINDORO CONSOLIDATED POWER PLANT

18. That any **authorized DENR-EMB personnel**, with proper identification card (ID) and travel/mission order, shall be allowed unconditional access to conduct an on-the-spot inspection and monitoring to the project without the need for prior notice to the proponent to oversee compliance to the ECC.

II. RESTRICTIONS

1. That no other activities should be undertaken other than what was stipulated in the EIS and IEEC. Should there be an expansion of the project beyond the project description, construction of other structures beyond those stated in the EIS and IEEC; or any change in the activity or location, shall be made subject to a new Environmental Impact Assessment (EIA) requirements.
2. That the proponent shall plant an equivalent area of the project with appropriate tree species and shall coordinate with PENRO/CENRO concerned for area identification within **thirty (30) days** prior to project implementation. And status of compliance shall be included in the semi-annual submission of CMR.
3. That an **Engineering Geological and Geo-Hazard Assessment Report (EGGAR)** shall be conducted within the project site and the report shall be submitted to Mines and Geo-sciences Bureau, MIMAROPA Region, copy furnished to this Office within sixty (60) days upon receipt hereof.
4. That in case of transfer of ownership/management of this project, these same conditions and restrictions shall apply and the transferee shall be required to notify this Office concerned within fifteen **(15)** days as regards to the transfer of ownership/management.
5. That the proponent **(OCCIDENTAL MINDORO CONSOLIDATED POWER PLANT**, represented by its **Manager**, Mr. Antonio C. Morada) shall be accountable for any misrepresentation and failure to state material information in the submitted documents.

The conditions stipulated in this Certificate shall be deemed final within fifteen (15) days from receipt hereof and all conditions and restrictions set forth above shall be complied with by the herein grantee. This ECC is deemed expired if not implemented within five (5) years from the date of issuance and the proponent shall have to apply for a new ECC if it intends to pursue the project.

Non-compliance with any of the provisions of this certificate shall be a sufficient cause for the cancellation or suspension of this certificate and/or imposition of a fine in an amount not to exceed Fifty Thousand Pesos (PhP50,000.00) for every violation thereof.

PROJECT ASSESSMENT PLANNING TOOL

For the assistance of the Proponent, LGUs and other concerned government agencies (GAs) in the management of the project and for better coordination in mitigation on the impacts of the project on its surrounding areas and to the environment.

By way of recommendation, the following have been taken notice of by this Office and are providing these recommendations to the parties and authorities concerned for proper action and integration into their decision making-process.

Regulatory Conditions	
1. The proponent shall comply with, but not limited to the following: 1.1 P.D. 856 or the Sanitation Code of the Philippines; 1.2 P.D. 442 or the Labor Code of the Philippines including occupational health and safety; 1.3 R.A. 6541 or the National Building Code of the Philippines including adequate storm drainage system and other flood control measures and compliance to the Fire Safety and Emergency Preparedness; 1.4 P.D. 705 & DAO 97-05; 1.5 DENR Administrative Order No. 2000-28, Implementing Guidelines on Engineering Geological and Geo-Hazard Assessment. 1.6 RA 11058 or the Occupational Safety and Health Standards of the Philippines.	DOH DOLE-Bureau of Working Conditions City Planning & Dev't. Office/Building Official/BFP/LGU Concerned DENR Sector concerned MGB – MIMAROPA DOLE
2. That all appropriate construction, operational and resource-use permits/clearances from other national and local government agencies concerned shall be secured pertaining to the implementation of the project. Likewise, the proponent shall notify this Office of the reckoning date of project operation.	(i.e. PMRB, PNP, LGUs, DPWH, DOH, NWRB, HLURB, MGB, DA, DAR, DOLE, DTI, etc.)
3. Preference of employment shall be given to qualified local residents. Adequate public information for jobs available to local residents in the area shall be provided;	DOLE
Environmental Planning Recommendations for the Proponent	
2. Close monitoring of the project should be undertaken by the proponent to maintain a high level of safety and efficiency at all phases of the project and to immediately address any environmental hazard that may take place.	Proponent
